CARPENTERS SETTLE TROUBLE AMICABLY AT UNION MEETING

All the Union Carpenters Will Work Two Weeks at Old Scale in Order To Protect Contractors on Their Old Contracts.

At a meeting of the Maysville Carpenters' Union held Monday evening at the Masonic Temple, it took but a very short time to settle amicably the misunderstanding between the workmen and their contractors as to the application of the new wage scale which went into effect with the first of April. The misunderstanding between the carpenters and the contractors was simply the application of this new wage scale. There was no misunderstanding as to the price the carpenters were to receive but it was understood by the contractors that the workmen were to finish old jobs which had been contracted prior to the adoption of the new scale at the old rate of 60 cents per hour. The carpenters understood that the new wage scale was to go into effect with the first of April on all work.

At Monday night's meeting it was agreed that the carpenters would work at the old scale of 60 per hour for a period of two weeks after the new scale was supposed to have gone into effect as a protection to the local contractors. This two weeks period will be up on Friday of this week and all union carpenters will receive pay at the rate of 60 cents an hour up to and including Friday of this week but after that time the new scale of 80 cents an hour will be paid to all carpenters in the city belonging to the local union.

This settlement of the misunderstanding is perfectly satisfactory to both workmen and contractors and the apparent trouble is thus settled and all cleared in the minds of all parties.

NEXT WEEK IS MEMBERSHIP WEEK IN KY. FARM BUREAU

Lewis County Requests Aid of Mason County Farm Bureau In Their Big Membership Drive.

The week of April 19th is Membership Campaign week in the various Farm Bureaus of the State of Kentucky and in every county organization in the state a special effort to increase the membership will be made by the officials and members of the bureaus.

The Mason county bureau will make a special effort to greatly increase its membership but already the organization in Mason county is in splendid condition and those experienced in the Farm Bureau work here will lend their assistance to the development of the bureaus in the neighboring counties.

Lewis county has called for help in their campaign and the leaders here will assist our Lewis county neighbors as much as possible. A speaker from Mason county will address mass meetings of farmers at Carrs and at Telesboro on Monday, April 19th, telling the farmers of that section something of the value of the Farm Bureau to Mason county farmers.

The campaign for Mason county has not as yet been outlined but it will be announced in due time.

ODD FELLOWS PLAN BIG TIME HERE.

On Monday, April 26th — the next regular meeting of Pisgah Encampment I. O. O. F., a big time is planned. At this meeting four candidates will receive the Royal Purple Degree and every Royal Purple Odd Fellow in Maysville is expected to be in attendance. Following the conference of the degree there will be an informal social session where good eats and smokes will be served. A special committee has been appointed to arrange for the social feature of this meeting and it is hoped and expected that all Royal Purple Odd Fellows will make a special effort to come out and see this degree conferred.

LIGHTFOOT'S TRIAL IS SET FOR TOMORROW.

The trial of Pascal Lightfoot, indicted for circulating obscene writings is set for Wednesday in the Mason Circuit Court. It is not known whether the trial will be started at this time or not. As Lightfoot is a paroled convict from the Ohio penitentiary, there is some probability of the local prosecution stopping and the prisoner being returned to the Ohio Penitentiary to finish his term there.

BIG FIGHT IS PROMISED AMONG KY. DEMOCRATS

Stanley and Beckham Leading Opposing Factions In State Democratic Circle — Hot Fight Promised.

Kentucky Democrats, when they meet at Louisville May 4, to select four delegates-at-large to the San Francisco convention, may have a pretty fight on their hands.

From present surface indications, the old wet and dry antagonisms may reassert themselves and form the basis of a Cox and anti-Cox contest on the floor of the state convention.

Governor Cox, of Ohio, is an active candidate for the Democratic nomination for President. In Kentucky he is backed by Senator Stanley, ex-Senator Johnson N. Camden, Representatives Cantrill, Rouse and Field, Senator Thomas A. Combs, and of course by a goodly following of lesser lights who are attached to these leaders or who do some independent thinking of their own.

Senator Camden, Senator Combs and W. O. Davis, it has been announced, will have charge of the pre-convention headquarters of Governor Cox in Kentucky and will at once open an office in Louisville and get busy perfecting an organization designed to capture the Governor.

Senator Beckham and Congressman Thomas Kincheloe, Barclay and Johnson, likewise General Haly, it is understood, have not yet attached themselves to the Cox bandwagon, and it is not certain that they will ever do so.

Senator Camden, in an interview with a Louisville newspaper man, said that he favored Governor Cox because he believed that the Governor is the one man who can defeat the Republicans in November, although he will cheerfully support any other Democrat who may be nominated.

Senator Camden went on to say that Governor Cox is "safe, sane and liberal." The trouble to come, if it does come, in the Kentucky convention, and in the San Francisco convention, will flow out of that word "liberal." When you refer to a Democrat today as a "liberal man," you speak of a fellow who is not so wedded to nationwide prohibition that he will not agree to "light wines and beer." Governor Cox is from Ohio. There are a lot of "liberal" folk in Ohio — so "liberal" in fact, that they despise prohibition as intensely as the devil is said to dislike holy water.

In Kentucky the "liberal" or wet, element is for Governor Cox. The conservative, or dry, men like Beckham, Haly and others, may elect to follow William Jennings Bryan and at the San Francisco convention resist all efforts to put a wet plank in the national platform. They cannot well take this attitude if at the same time they go instructed, first and last, for Governor Cox, the Ohio "liberal."

It is anticipated therefore that there will be an attempt made by the Beckham wing of the party to secure an unopposed delegation. This will arouse the Stanley faction to a fighting pitch, because everybody knows how much Senator Stanley is wedded to the dry side of the liquor question. This difference over the question of nationwide prohibition will also aggravate the clash between Senator Beckham and Senator Stanley in their efforts to control the party organization.

CLEAN-UP CAMPAIGN IS PROVING SUCCESSFUL.

Street Commissioner Ben T. Smith reports that the city-wide clean-up campaign this spring is proving quite successful and his department has been quite busy cleaning away debris gathered by the residents and piled in the streets and alleys. Today is clean-up day in the Second ward and the department's force will go to the Third ward tomorrow morning. Remember that Thursday is Fourth ward day, Friday Fifth ward day and the week will be closed Saturday by cleaning up the Sixth ward.

MANCHESTER FERRY IS BEING USED HERE.

While the Aberdeen-Maysville ferry is undergoing certain badly needed repairs, the Manchester ferry "City of Huntington" is being used at this point. The Laurence's boilers need attention and she will be put in first-class condition before she is again put in her trade.

Rev. J. M. Literal was here today making preparations for the big Inter-church World Movement Convention to be held in First Presbyterian Church here next Tuesday and Wednesday, April 20-21. In speaking of this great movement Dr. Literal said the time had come when all the religious and christian forces must move together if the world is ever conquered for Christ. He said the stereopticon slides Tuesday night would reveal some startling facts which have been recently gathered in the survey made at home and abroad.

ORGANIZATION PERFECTED TO MAKE S. S. DAY SUCCESSFUL

Special Committee on Go-To-Sunday-School Day Is Organized and Plans To Bring Out Crowd Discussed.

A very interesting meeting of the county Sunday School Association officers and the Superintendents of the local Sunday schools was held at the Third Street M. E. Church Monday evening when plans were discussed to get out the largest attendance at the local Sunday schools on May 2nd—Go-To-Sunday-School Day — that the city has ever known.

A special committee on Sunday school attendance for that day was organized with Mrs. J. C. Burwell as chairman, Mrs. Joseph Wells, as Secretary and Treasurer and Mr. J. Harry Richardson as publicity agent. The committee together with the Superintendents of the local schools will meet again on next Monday evening at 7:30 at the home of Mr. Richardson to perfect plans.

One of the systems of advertising the big day decided upon at Monday evening's meeting was the printing of window cards which will bear these words: "We're Going to Sunday School May 2d. How About You?" These cards will be placed in the window of every home in the city whose members pledge that they will attend Sunday School at one of the churches. There will be other systems adopted at next Monday evening's meeting and a full attendance of the committee members and the school executives is desired.

TWO LARGE FACTORIES SEEKING LOCATION IN MAYSVILLE

Chamber of Commerce Secretary Will Investigate Proposition of Two Large Concerns Which Want to Move Their Plants Here.

Secretary George Kirk, of the Maysville Chamber of Commerce, goes to Cincinnati tomorrow to hold consultations with the heads of two large manufacturing concerns who desire to locate their manufacturing plants in this city in the immediate future. Both concerns are employers of considerable skilled and unskilled labor and both concerns have been sighted to Maysville through the industrial bureau of the C. & O. Railway Company.

One of the concerns manufactures hats, caps, etc., for men and already Secretary Kirk and one of the Railway Company's Industrial Agents have located a building in Maysville that is suited to the firm's needs. There has been much correspondence between the Chamber of Commerce and this firm and they are quite favorably impressed with the city. This firm is asking no bonus to locate here but is seeking a location such as Maysville offers.

The second concern is a manufacturer of gas heaters, instantaneous water heaters and hold the patent for the manufacture of a toilet flush tank that dispenses with the annoyance and expense of the unreliable rubber ball valve. It is possible that this concern will desire local people to become stockholders in the company, however this is not entirely known and Secretary Kirk will learn these details in his visit tomorrow. A suitable location for this second firm has not as yet been found but it is certain that such can be found here. "This second firm would give employment to a large number of skilled mechanics and its location here would greatly increase the city's weekly pay roll.

Both concerns are recommended as being in charge of first class executives and a complete investigation into their past affairs will be made by the Chamber of Commerce.

GILBERT GOES FREE ON ALIBI AT COVINGTON

Four Convicted in Pogue Distillery Robbery and One Goes Free On Alibi.

William Gilbert, 24 years old, chauffeur, of this city, was acquitted yesterday by a jury in United States District Court at Covington, after the hearing of evidence on a charge that Gilbert had unlawfully removed whisky from the warehouse at Pogue's distillery, on January 18, 1920. Gilbert was indicted with Dave Weber and James Curtis Johnson who, after having entered pleas of guilty implicated Gilbert in the removal of the liquor.

Gilbert presented an alibi, and witnesses testified he was at home on the night in question.

Edward Weber, who, with his father, Charles Weber, 67 years old, was indicted on a charge he had sold part of the whisky, was held to be guilty after a hearing before a jury.

Hearing of the charge against Charles Weber has been set for this morning.

Witnesses testified that the men had broken a window in the warehouse and after boring holes in a barrel removed a wask tub filled with whisky with the aid of a bucket and a piece of garden hose. The men were arrested by Chief of Police Harry Ort, who turned them over to the Federal officers. The men who were convicted were not sentenced yesterday and the penalty they must pay is not now known.

RAILROAD LABOR BOARD IS NAMED BY PRES. WILSON

General Leonard Wood Is Called From Campaigning To Take Charge of Chicago Conditions.

Washington, April 13. — The Railroad Labor board was appointed Tuesday morning by President Wilson. The members are: Representing the public: George W. Hanger, Washington, D. C.; Henry Hunt, Cincinnati; R. M. Barton, Tennessee. Representing the railroads: Horace Baker, Cincinnati; J. H. Elliot and William L. Clark. Representing the employees: Elbert Phillips, A. O. Wharton and James J. Forrester.

The President has called a meeting of the Cabinet for Wednesday, to discuss "the general situation." White House officials would not say that the "unauthorized" railroad strike has prompted the call, but it was understood that this would be the principal subject discussed.

Chicago, April 13. — Major General Wood, commanding general of the Central department, is hurrying back to Chicago today to take charge of the military situation here in the railway strikes crisis.

Dispatches from Boston this morning announced that the general had canceled his leave of absence and abandoned for the time his campaign for the Republican Presidential nomination.

Coming on the heels of the warning given the strike leaders yesterday by District Attorney Clyne, that the striking railroad men must go back to their work or give up their jobs and hunt other employment and that the Government was determined that trains should run, the general's announcement is regarded here as unusually significant.

SOUTHERN ATMOSPHERE IN VIVIAN MARTIN'S PICTURE.

Atlanta, Ga., had a big time not so very long ago, the occasion being the filming of scenes for Vivian Martin's newest picture, "Husbands and Wives" from the famous novel "Making Her His Wife," by Cora Harris, who, by the way, is a Southern woman living just outside the city. Atlanta's "400" and her debutantes took part in the scenes made at the Country Club and in one of the famous restaurants. As the wealthy Northern girl who, on a visit to her Aunt, marries a Southern hardware merchant, Vivian Martin has a splendid opportunity of which she takes advantage, in proving she is an artist of the highest class. The struggles between husband and wife to bend each other to their way of thinking make for many highly dramatic situations. At the Gem and Washington Friday.

FINDS BABY BOY IN CHURCH PEW BY PRAYER BOOK

Hartford Police Are Baffled In Attempt To Find Parents of Youngster Found in Church Pew.

Hartford, Conn.—Cuddled in a white blanket and with a prayer book beside it, a baby boy, scarcely 3 weeks old, was discovered in a pew in the Lithuanian Holy Trinity church at 41 Capitol avenue, by Miss Mary Williams of 63 Capitol avenue. She heard the child crying as soon as she entered the church, and found it lying on a rear pew with the prayer book close beside it, as though to prevent it from rolling to the floor. The baby is healthy, and is being cared for at the Municipal hospital, while the police search for its parents.

Miss Williams went out to do some shopping in the afternoon, and on the way home stopped at the church. When she heard the sobbing she thought at first that a baby was being baptized at the altar. She saw a small bundle lying in the seat on the second row from the door. A bottle of water wrapped in a rough paper was lying on the same pew. The child was dressed in a silk bonnet, a white dress and blue stockings.

"I was so surprised I didn't know whether to laugh or cry," said Miss Williams. "I carried the child to the altar and prayed, and then I baptized it, for I did not know but some thing would happen to it. I carried it to the priest's house, but he was not at home, so I told the first policeman I saw. I went to the police station, but walked in back of the officer for fear people would think I was arrested."

She told her story at the station and the baby and its effects were then taken to the municipal hospital. It was reported there that the prayer book had been examined and an inscription written in Lithuanian discovered inside. So far no one had been found who could translate it. Lieutenant Frank Santoro of the detective bureau sent Detective Sergeant Charles P. Koenig to make inquiries in the neighborhood, but no clue as to the identity of the parents has been discovered.

This last Cardui which I took made me much better, in fact, cured me. It has been a number of years, still I have no return of this trouble.

I feel it was Cardui that cured me, and I recommend it as a splendid female tonic.

It is like the dew of Hebron; it has the sweetness of Nectar, the sparkle of champagne, the aroma of a thousand flowers.

For a cup of it Nero would have burned a thousand Romes, Caesar remitted the taxes of all the Jews and Napoleon turned peacemaker.

Give Consecrated Dollars

At Home or Abroad
—the church stands back of civilization

THE Presbyterian Church has always been forward in evangelism and social service. It seeks to turn men to God and to uplift life in every community it touches.

Teaching and preaching amid the snows of the Arctic and the jungles of Africa—

Tending the sick on five continents—a colossal Samaritan ministering to suffering humanity in superstition-ridden regions, where the only hospitals are church-maintained—

Teaching India's millions to impound their waters against coming drought, showing Brazil how to plow its land, and combating Bolshevism in the mines, lumber camps, and congested areas of cities—

This is how the Presbyterian Church is helping to make a better world.

Every Presbyterian adherent is a partner in this magnificent enterprise. What can the church count upon from you in the financial canvass?

A QUEER MANUSCRIPT.

The original manuscript for the story of "A Gun Fighin' Gentleman," Harry Carey's newest release, which will be seen at the Pastime Theater Thursday, is probably the most motley array of scribbled and nondescript literature that ever reached the scenario editor at Universal City. The fact is, the star himself wrote it while on his recent country-wide tour of personal appearances.

The story was written on the backs of railway time-tables, restaurant menus, theater programs, telegraph blanks and plain wrapping paper, and was forwarded in job lots back to the studios in California. Eugene Mullin, who was at that time scenario editor, saw at once Carey was sending back a real story and this, together with what slight difference was made by the fact that the star himself was doing the writing, caused Mullin to waive the time-honored rule that all manuscript must be written only on side of the paper.

When Carey returned to Universal City the manuscript was at once put into proper form, with the assistance of Jack Ford, the director, and the result is said to be one of the most perfect Carey pictures ever released. As is well known, play writing is not an experiment with Harry Carey. He made his name on the speaking stage, appearing in plays from his own pen. Although the star is a New Yorker, born and bred, he is known as one of the most popular players of the "western type."

MAYSVILLE TESTIMONY

Home Proof, Here, There and Everywhere.

When you see Doan's Kidney Pills recommended in this paper you must always find the recommender a Maysville resident. It's the same everywhere—in 3,800 towns in the U. S. Fifty thousand people publicly thank Doan's. What other kidney remedy can give this proof of merit, honesty and truth? Home testimony must be true or it could not be published here. Read this Maysville recommendation. Then insist on having Doan's. You will know what you are getting:

George H. King, prop. grocery, 615 E. Second St., Maysville, says: "I have used Doan's Kidney Pills off and on for several years, getting them at J. J. Wood & Son's Drug Store and I have been greatly benefited by them. Sometimes my kidneys have been out of order and the kidney secretions have been irregular in passage. I have suffered severely with aches through the small of my back. When I have been that way, I have used a box or two of Doan's Kidney Pills. They have never failed to cure the attack."

NOTHING WRONG EXCEPT "RUN DOWN"

Heart All Right — Lungs All Right But Blood Weak

NO ENERGY OR ENTHUSIASM

That's When You Need Pepto-Mangan —The Red Blood Builder.

When you feel weak and almost sick, see a doctor and find out what is wrong.

It may be a serious illness. But in many cases the doctor finds nothing really wrong except a general run-down condition due to the need of stronger, richer blood.

For over thirty years physicians have recommended Gude's Pepto-Mangan to restore weakened blood to its normal healthy state.

Pepto-Mangan imparts to the blood the elements it needs to build up vigorous men and women. Children whose blood is impoverished become listless and pale and fail to romp. Pepto-Mangan creates a supply of nourishing red blood that makes the cheeks glow, the eyes sparkle and brings back the energy for play or studies.

Pepto-Mangan is obtainable in liquid or tablet form, whichever proves most convenient. Both forms possess identical medicinal qualities.

There is but one genuine Pepto-Mangan and that is "Gude's". Ask your druggist for "Gude's" and look for the name "Gude's" on the package. If it is not there, it is not Pepto-Mangan.—Advertisement.

COUPLE RUN DOWN BY C. & O. FREIGHT TRAIN

Aged Farmer and His Wife Are Struck By C. & O. Freight Train—Wife Killed Almost Instantly.

Smith Stone, aged farmer of the Crooked Creek neighborhood near Trinity, in Lewis county, and his wife were struck by a west bound freight train near the South Manchester station Monday afternoon. The wife was almost instantly killed while the husband was very seriously injured, and it is hardly expected that he will live. He was taken to the C. & O. hospital at Dayton for treatment.

The couple, both of whom are advanced in age, were walking along the railroad track and an east bound freight train had just passed. They are supposed to have mistaken the warning signals of the west bound train which bore down upon them to be the signals of the east bound train and were paying no attention to the approaching train. The engineer of the west bound train says he did all within his power to bring his train to a stop but was unsuccessful.

Dr. A. O. Taylor, local physician for the C. & O. railway company, was summoned to the scene and gave first aid to the injured man but ordered him taken immediately to the hospital.
